

Gaskets and Gasket sets suitable for

BMW | MINI

B48

The BMW B48 is a 2.0-litre in-line four-cylinder turbo engine that has been in production since 2014. It offers up to 258 horsepower and 400 Nm of torque. The engine is characterised by its efficiency and environmental friendliness, meeting Euro 6 standards and being used in various BMW and MINI models. The B48 features direct fuel injection, variable valve timing (Valvetronic) and camshaft adjustment. It is known for its reliability and performance. The engine block is made of aluminium, which reduces weight and improves heat dissipation. The B48 is also known for its adaptability to different driving conditions and its durability.
